**The goal of this rose sale is to promote “easy-care” roses in the desert southwest.** Roses grown on their own root system are hardier and require less care than grafted roses. Old Garden Roses (antique roses), Earth Kind™ Roses, Dr. Griffith Buck Roses, and David Austin® Roses are rapidly increasing in popularity because of their long life span and natural disease resistance. Many are very fragrant, provide an abundance of blooms and come in a large variety of sizes, shapes and colors. These qualities make them adaptable to a variety of landscape situations. All roses are own-root in 1-gallon containers from Chamblee’s Roses in Tyler, Texas.

**Earth Kind™ Roses are especially recommended.** Earth Kind™ is an important designation by the Texas A&M University Agriculture Program given only to select roses. These roses have been subjected to rigorous testing and evaluation by horticultural experts and found to possess remarkable disease and insect tolerance/resistance required for this special designation. These roses do very well in almost any soil type and rarely require the use of pesticides (neither insecticides nor fungicides). In addition, Earth Kind™ Roses require very little fertilizer and will normally do quite well with only the addition of compost and good quality organic mulch added annually around the planting surface. Additional roses are currently being trialed to see if they meet or exceed the high standards of the Earth Kind™ Rose designation.

**Deadline for orders: 5PM Friday, January 27, 2012.**

Payment information: Late orders or orders without payment will not be processed. Prices include shipping and handling. Payment methods: Checks and money orders payable to HPDC (Horticulture Program Development Committee) and mail, along with this form, to:

**Texas AgriLife Extension Service  
 Attn: Horticulture Dept/Rose Sale  
 Ysleta Annex, Suite A-2, Box 2  
 9521 Socorro Road  
 El Paso, TX 79927**

**Pick Up Dates**

Your roses will be available for pick up on **Friday, February 17<sup>th</sup> from 9AM to 6 PM** and **Saturday, February 18<sup>th</sup> 9AM to Noon** at the El Paso Garden Center, 3105 Grant. All roses must be picked up on these dates. We cannot store or care for roses beyond the pick up dates.

For more information and photos of roses in this sale, please visit [www.chambleerose.com](http://www.chambleerose.com).

For questions regarding your order, please call 915-860-2515 x221.

<b>CODE</b>	<b>ROSES</b>	<b>CLASSIFICATION &amp; DESCRIPTION</b>
<b>ARS</b>		American Rose Society <b>(*Roses marked with an asterisk are patented)</b>
<b>B</b>	<b>Bourbon Rose</b>	Produces large, full, cupped often quartered blooms on strong vigorous bushes. Can be shrubby or have long canes like a climber with glossy foliage. Rich color, very fr. Repeat. Strong, profuse flowering in spring, intermittent blooms in fall.
<b>BR</b>	<b>Dr.Griffith J. Buck</b>	A hybridizer of modern roses. Breed roses to survive temp. of -26oF without protection, disease resistance, repeat blooming, good flower form & color, vigorous but restrained growth habit.
<b>CH</b>	<b>China Roses</b>	Small compact bushes with dense twiggy light green foliage. Most are fr., heavy bloomers, very disease resistant. Among the hardiest and best Old Garden Roses for warm climates.
<b>CL</b>	<b>Climbing Rose</b>	Make lengthy shoots can be trained for trellis, fence or weeping shrub.
<b>D.A.</b>	<b>David Austin</b>	"English Roses" hybridized Old Roses with Modern bush roses. Fr., repeat flowering, disease resistant with wide color range.
<b>EK</b>	<b>Earth Kind</b>	See front page
<b>ex.</b>	<b>Excellent</b>	
<b>fr.</b>	<b>Fragrant</b>	or v. fr.= Very fragrant, slt= Slightly fragrant, md or mod = moderately fragrant
<b>F</b>	<b>Floribunda</b>	Compact bush, blooms in clusters, used as hedges or borders. Massive, colorful, long-lasting, blooms continually, easy to care for.
<b>GR</b>	<b>Grandiflora</b>	Large bushes with large flowers on long stems with one or multiple flowers per stem. Ideal for border or hedges.
<b>HM</b>	<b>Hybrid Musk</b>	Vigorous and profuse blooms in arching clusters, beautiful foliage, excellent shrubs or small climbers. Repeat bloom, tolerates more shade than most.
<b>HP</b>	<b>Hybrid Perpetual</b>	Very large fully double blooms on stiff and leggy bush with sparse foliage. Less vigorous 2nd flowering, heavy rose fr., good disease resistance, tolerant of heat and cold.
<b>HT</b>	<b>Hybrid Tea</b>	Large blooms on long stems ex. cut flowers, usually very fr.
<b>Min</b>	<b>Miniature</b>	Dwarf, very abundant bloomers, 18"-24", versatile in adapting to almost any landscapes.
<b>N</b>	<b>Noisette</b>	Vigorous climbers, small-medium fr. flower clusters, light green glossy foliage, good for arbors, fences, and trellis. Most are repeat bloomers.
<b>OGR</b>	<b>Old Garden Rose</b>	"Antique Roses" any rose of or belonging to a class prior to 1867. Very disease resistant and hardy. All shapes, sizes and colors. Hardiness varies with variety.
<b>P</b>	<b>Polyantha</b>	Dwarf, low growing, compact bushes, with small semi-double, appearing in clusters. Continuous blooming. Ex. low hedge. Hardy, disease resistant and usually fr.
<b>S</b>	<b>Shrub</b>	Informal growth habit, size, shape and habit vary according to variety. Generally larger and leafier than hybrid teas and floribundas.
<b>Sp</b>	<b>Species</b>	A term loosely used for wild rose. Grow wild in nature, very disease resistant and usually bloom only in spring, good hip production. Hardiness varies with variety.
<b>T</b>	<b>Tea</b>	Have pointed buds, slender and weak stems. Disease resistant, repeat blooms, nice tea fr.
