Volume III, No 11, November 2011

I'd like to thank Mary Barry first, for the idea of the water conference, sticking with it, and putting on the program she envisioned. Also a thank you to Virginia Krebs and Peg Marquardt for being Mary's supporters and able assistants. Without the three of these women, there would never have been a "Living Well with Less Water in Texoma 2011". Every comment I've gotten have been so positive. They made the Wichita County and the Master Gardeners shine. I'm very proud to be associated with them and call them friends. Beth

LOCAL EVENTS

Mark Klym with Texas Park & Wildlife Department's Wildlife Diversity Program is putting on a Texas Wildscape 3-hour workshop in the Wichita Falls area, at Lake Arrowhead State Park. For those of you who are not familiar with Wildscape, it is a program that encourages the use of Texas native plants and trees to provide food and shelter for wildlife, to include butterflies, birds, and mammals. We are having it on November 5 to prepare for the spring gardening season. There will be a \$5.00 fee to cover the cost of the Wildscape DVD. Taken from Texas Parks and Wildlife memo.
