A Rain Barrel Workshop

Learn about the current state of our water supply needs and what conservationists can do to harvest a “free and pure” water resource to lower usage of municipal water supplies. Then, make your very own 55 gallon rain barrel.

September 24, 2016

Saturday, 9:00AM—11:30AM

Brazos County Extension Office

2619 Highway 21 W

Bryan, TX 77803

(979)-823-0129

Workshop is limited to 20 participants • Cost is \$50 per barrel and includes all materials • Participants must transport their barrels home

RSVP with payment to Janice Anderson by Friday, September 16, 2016
