

**Brazoria County Master Gardeners Present:**

# **Fruit Selection for Brazoria County**

**Saturday, December 6, 2014**

**9:00am - 12:00pm**

**at B.E.E.S.**

Brazoria County Environmental Education Station  
Hospital Drive at CR 171, Angleton, TX 77515  
**(see map on back)**

Brazoria County Master Gardeners are sponsoring the annual seminar on berries, citrus, pomes, and stone fruits. Topics include how-to's, selecting, planting, and harvesting Brazoria County-friendly fruit plants.

Master Gardener Gil Livanec will present his annual program to help folks select the fruiting plants that grow and produce in our wonderful gumbo soil. He will concentrate on citrus and stone fruits and will discuss other taste treats such as blackberries, blueberries, figs, apples and pears (pomes). This program will emphasize the fruits that will be offered at the Fruit and Citrus Tree Sale on February 21, 2015.

Participants will be able to taste various fruit grown by Gil Livanec and Ray Michalik in their home gardens. Additionally, home canned samples of orange marmalade, grapefruit glazes, fig preserves, and other treats will be available for tasting.

Gil will present information from the 2014 Texas Master Gardener Conference. Common problems, diseases, and their control will be presented. New varieties and Texas A&M releases will be presented.
