

Also effected by COVID-19...

The November-December 2020 issue of *Inside Dirt*

Despite our editor's most valiant efforts.... The November/December issue of *Inside Dirt* was not able to be published.

The editor, Susan Skomessa had COVID-19 twice during that time period.

AND as if two rounds of COVID were not enough....she blew out her knee.

All the material originally planned for the Nov/Dec issue was moved to the Jan/Feb issue.

See "Editor's Message" in January/February 2021 edition of *Inside Dirt* for a message from Susan.

And of course, all the excellent articles.
