

How you can help monarchs?

Do you find yourself scratching your head when it comes to growing milkweed?

Free Bring Your Lunch and Learn

Native Milkweed & Butterfly Workshop

Thursday, July 18, 2019 | 11 am – 1 pm
Shepherd Community Center
10251 TX 150 | Shepherd, TX 77371

Learn from Barbara Keller-Willy, founder and director of Monarch Gateway as she unravels the mysteries of growing the appropriate milkweed for our area. Take a deep dive into creating friendlier habitats, at home, for monarch butterflies.

Participants will learn seed stratification techniques and go home with seeds to start in their home gardens.

Supplies will be provided. **Bring your lunch and a reusable canvas bag** to carry home handouts and seeds.

Create Your Own Home Habitat

Learn Seed Stratification

Take Seeds Home

Bring Your Lunch and Learn!!

Thursday, July 18
